

ANZPRA

2025 Satellite Meeting

Walyalup (Fremantle)

23rd – 24th October 2025

ANZPRA

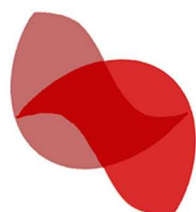

Australian and New Zealand Placental Research Association

THE UNIVERSITY OF
**WESTERN
AUSTRALIA**

Day 1: Thursday 23rd October

9:00	Registration open	
9:20	Welcome & Acknowledgements	Caitlin Wyrwoll
9:30	The Art of Connection: Placental pathways through art	Ionat Zurr & Cristin Millet
9:45	Invited talk	Lana McClements
10:30	Morning tea	
11:00	The Career Lab: Experimenting with your future in industry and beyond	Fiona Brownfoot Grace Goh, Megan Ellyard, Jade Hallam
12:30	Lunch	
	EMCR Oral Session 1	Chair: Peter Mark
1:30	Advancing placentoid engineering with digital light processing	Ashley Williams
1:48	Elevated $\beta 1$ S-Glutathionylation Drives Redox-Mediated Na^+/K^+ ATPase Inhibition in Gestational Diabetes Mellitus	Gideon Jaque
2:06	Thyroid dysfunction in pregnancy alters placental selenoprotein mRNA expression in two rat models	Elliott Neal
2:24	Extracellular vesicles from mesenchymal stem cells – new strategies for treatment of preeclampsia using 3D bioprinted models of placental dysfunction	Ashley Bannister
2:42	A ‘dip stick’ urine preeclampsia test: developing a predictive biomarker panel for disease detection and response monitoring for therapeutic interventions	Georgia Watermeyer
3:00	Afternoon tea	
3:30	The Art of Connection: Placental pathways through art	Ionat Zurr & Cristin Millet
5:00	Meeting close	
6:00	Gage Roads Freo Brewery Followed by Honky Tonk Blues

AUSTRALIA**

Day 2: Friday 24th October

9:00	Baby Coming You Ready?	Rhonda Marriot
9:30	Invited talks	David Coall Ellen Menkhorst
10:10	The Art of Connection: Placental pathways through art	Ionat Zurr & Cristin Millet
10:30	<i>Morning tea</i>	
11:00	ORIGINS Session ANZPRA ECR award	Nina D'Vaz Tom Iosifidis
11:45	Invited talk	Natalie Hannan
12:30	<i>Lunch</i>	
	EMCR Oral Session 2	<i>Chair: TBD</i>
1:30	<i>Evaluating therapeutic strategies targeting fetal growth and placental function in an anti-angiogenic mouse model of preeclampsia</i>	Fatemeh Heidari
1:48	<i>Vibegron, a β3-Adrenergic Receptor Agonist, modulates fetoplacental vascular tone in the preeclamptic ex vivo human placental cotyledon</i>	Grace Marks
2:06	<i>Telemetric blood pressure analysis and renal function after the administration of placental EVs in pregnant and postpartum SHR</i>	Sophie Piesse
2:24	<i>Bulk RNA-seq deconvolution reveals cell-specific transcriptional dysregulation in Fetal Growth Restriction</i>	Stefan Botha
2:42	<i>Pilot: Development of a chronic sustained-release model of infection-induced maternal, placental and fetal inflammation in Wistar rats</i>	Rohullah Jafari
3:00	<i>Afternoon tea</i>	
3:30	ANZPRA Annual General Meeting	
4:15	<i>Closing remarks and reflections</i>
